10 Apps for Realtors

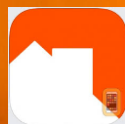

Pushover is a service to receive instant push notifications on your iOS and Android devices from a variety of sources. Monitor your social media instantly.

Spacio can create paperless open house forms to collect visitor information and automatically send follow-up emails after the open house ends.

1Password stores all your logins, secure notes, credit card numbers, and other private data for you safely in the cloud and syncs with your desktop.

RoomScan Pro is an app that allows you to use a smartphone to generate a floor plan of an entire room within a minute.

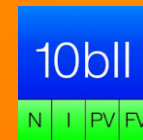

Evernote can help you keep track of outlines, notes, and lists. You can access any notes from any device. You can use the search tool to look through notes based on specific keywords.

WeVideo This app turns your cell phone into a Video Production Studio, and it is pretty simple to use. Since COVID – content marketing with video is KING.

Project Color Potential buyers may have a hard time imagining how an empty house would look like when they turn it into a home. Show them!

10bll Calc HD is an amazing app that will calculate loans, savings, and leasing, interest rates, loan payments, amortization, business percentages, and all other aspects of real estate.

RPR Mobile™ is a property research app exclusively for REALTORS®. Easily search properties, create and send branded reports, and view local market statistics, anytime, anyplace.

CamScanner is a scanner app that will turn your phone into a PDF scanner. Convert images to pdf in a simple tap.
